

## 150 SERIES AISLEMARK VINYL MARKING TAPE

### DESCRIPTION

AisleMark is a premium quality vinyl tape designed for industrial, commercial and recreational safety marking applications. Used to identify aisles, steps, equipment and potentially hazardous areas. Seven good-looking, optically strong colors satisfy all O.S.H.A. marking requirements. Also an effective tape as a mask in electroplating applications.

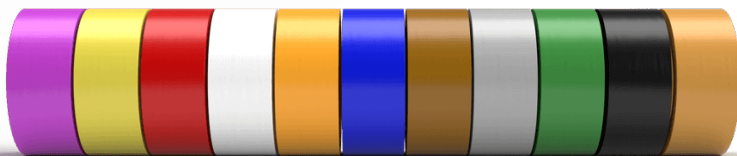

### FEATURES & BENEFITS

- Sturdy 6-mil vinyl – will hold up under the heaviest duty wear and traffic conditions.
- Highly conformable to all surfaces.
- Abrasion resistant and non-fading.
- Resists oil, grease and many solvents.
- Easily dispensed, either automatically or by hand, for quick and secure installation.
- Immersion in water will not cause disintegration or loosening.
- Each of the AisleMark brilliant colors is individually designed to satisfy specific O.S.H.A. marking requirements. Black or White designates traffic flow. Yellow, caution. Red, fire protection equipment. Blue, a machine under repair. Green, safety equipment. Orange, potentially dangerous moving machine parts and equipment.

### PHYSICAL PROPERTIES

Adhesive	Natural Rubber Resin
Backing Material	Vinyl Film
Total Thickness	6 mil
Tensile Strength (PSTC-31)	16 lbs/in MIN
Elongation (PSTC-31)	160% MIN
Adhesion to Steel	22 oz/in +/- 3
Operating Temperature	0°F to 176°F

### AVAILABLE COLORS

Purple, Yellow, Red, White, Orange, Blue, Brown, White, Green, Black, Clear

*The physical and performance characteristics shown are averages obtained from tests recommended by ASTM, government agencies or our own procedures. A particular roll may vary slightly from these averages and it is recommended that the purchaser determine the suitability for his own purpose.*
